

HOW TO OBTAIN HOME TREATMENT.

Realizing that it is not always convenient or possible for everyone to personally visit our Institute, we have formulated and adopted this system whereby those who are afflicted with any form of skin disease, scalp affection, blood disorder, nervous trouble and all afflictions of a like nature, can be successfully treated at their homes, provided the questions on the following page are freely and carefully answered. By this method we are enabled to accurately diagnose any case and prepare such remedies as are indicated, which if used as directed will speedily bring about the desired results.

OUR FEES ARE EXTREMELY MODERATE, AND IN REACH OF EVERYONE.

When only external treatment is required, we will supply the necessary remedies, in sufficient quantity for at least one month's use, with full and explicit directions, for \$3.00

When both external and internal treatment is required, we will supply the necessary remedies in sufficient quantity for at least one month's use, with full and explicit directions, for \$5.00.

For unusual cases of a more serious nature and of longer standing, that require a greater amount of care and attention, and in some instances special instruments and costlier medicine, we are compelled to charge a higher fee to cover the extra outlay, but in no instance is our charge excessive.

When in doubt as to which course of treatment is necessary and in order to save time in securing prompt medical attention, which in many instances is most essential, the smallest fee named above, or any part thereof, can be remitted when returning the question blank, and the balance will be collected on delivery of the *Home Treatment*. Or if preferred, return the question blank and we will make the proper diagnosis, without charge, and advise what treatment will be required with the cost of same, and the amount can then be sent to us.

Remit only by Post-Office Money Order, Express Money Order, Registered Letter, or Draft on New York or Chicago. It is not safe to send currency in letter through the mails.

Any further information desired will be cheerfully furnished by addressing our office nearest your home.
